WORK IN FOREIGN LANDS SHOWS REMARKABLE GROWTH

Southern Baptists Report Largest Number of Baptists and Expansion and Growth Along all Lines—West China is Determined Against Opium—Experiences of Missionaries in Mexico—Chaplains on Battleships—New Translations—Record Broken at Palmore Institute.

By Southern Missionary News Bureau
Ida Clyde Clark—Editor

The sixty-ninth annual report of the foreign mission board of the Southern Baptist convention contains some interesting statements. It says:

"Our missionaries report a year of gratifying success. The report shows 880 churches, 5,262 baptisms, 636 native workers, 9,376 students in our schools, including 420 in our theological seminaries and training schools. In nearly all of our fields our schools have been filled to overflowing. The number of baptisms is the largest ever reported in one year. In nearly all the fields there has been an advance in the number of converts baptized. This is true even in Mexico amidst the terrors of war. The largest number of baptisms reported by any one mission is that of 1,881 baptisms in North China missions. Many of the greatest fruits of mission work cannot be expressed in figures.

"The receipts of the board for the current support of the work amount to \$587,458.97. This sum falls far short of the apportionment of \$646,500 fixed by the last convention, and leaves a debt of \$58,000 on the work. It is gratifying to note, however, that most of the states made an encouraging advance over the contributions of last year. There was no serious falling off in receipts except in two states. Financial distress, due to crop conditions in Mississippi and the drought in Texas, with the disastrous floods during the closing days, caused heavy losses in those states. In spite of this fact, there is an advance of \$14,000, over the receipts of last year. Only a few times in the history of the work has so great an advance been made in one year."

A Dead-In-Earliest Campaign.

According to reliable information recently received, the Chinese government has issued an edict to the effect that persons under forty years of age will be shot if found smoking opium at Chengtu, West China, after May 30. Those above the age of forty are to be sentenced to terms of penal servitude.

So strenuous is the campaign against opium smoking in Szechuen that all persons addicted to the habit throughout the province are compelled to submit to a course of treatment.

Missionaries in Mexico.

The fight of some of the Protestant missionaries from Mexico is described in a letter from Dr. Levi B. Salmons, superintendent of "The Good Samaritan" hospital at Guanajuato. He writes:

**Eastman Kodaks

L. C. WILEY

Jeweler
Earlington, Ky.

Huerta ran us off without allowing us to bring away more than a suit case apiece. We were not certain until aboard a ship of the American navy that we would be allowed to bring any money out of the country. We are therefore without a change of clothes, and almost without funds. I left open the hospital and dispensary at Guanajuato, feeling that the people would be less likely to destroy them if open and running. These two institutions have \$30,000 (Mex) worth of furnishings.

"The hospital has no doctor, but many patients will continue their treatment of water and electricity already prescribed by us.

"Everything is uncertainty with us. Of course, the Mexicans are greatly influenced against us just now, because of what Huerta tells them that President Wilson has done and is about to do to Mexico. "We were in danger of assassination by fanatics, and even the government upon three occasions took steps in our persecution."

Chaplains on Battleships.

Neither chaplains nor welfare secretaries are on board some of the battleships now in Mexican waters, nor is provision made for the recreation of enlisted men, as in the case of men in the Spanish war, beyond that provided by the government itself. Things religious in army and navy are at the moment of the breaking out of the Mexican difference, in a confused and undetermined state. All has waited the action of congress, and has not acted. The situation causes not a little anxiety to religious leaders of all bodies.

Strong efforts have been under way for months, backed by Catholic and Protestant leaders, through Cardinal Gibbons for the former and the Federal Council of Churches for the latter, to secure increase in the number of chaplains to one for every 1,000 enlisted men. Committees have reported favorable but the bill is not yet passed. Consequently, no more than the old number of chaplains, the same number as back in 1845, are available.

The Y. M. C. A. has had welfare secretaries on two warships, but none was sent with the fleet going to Mexico, pending decision of the large matter of regular chaplains. If Mexico be invaded, and the American enlisted men remain there long, the whole question of their spiritual and recreational welfare is yet to be taken up.

"Diglot" Gospels.

For the benefit of those of many tongues who come to our shores from many lands, the American Bible Society is issuing a series of "diglot" Gospels—that is, the four Gospels printed in parallel columns with English on one side and another language on the other. And this is the list of languages printed alongside our own: Arabic, Armenian, Bulgarian, Bohemian, French, Finnish, German, Gujarati, Hungarian, Italian, Japanese, Judeo-German, Lithuanian, Malayalam, Mandarin, Marathi, Norwegian, Persian, Polish, Portuguese, Rumanian, Russian, Ruthenian, Servian, Spanish, Tamil, Telugu, Turkish, and Urdu.

Palmore Institute Breaks Record

After two nights' vacation, we opened the spring term last night, and broke all former Palmore records—enrolled seventy-five students, making the enrollment nearly 900, and took in more money than had ever been received in one night. We already have so many students that it is almost impossible to get them into the classrooms, and still they come. Below is an exact copy of an application just received:

"The Principal of Palmore Institute, Kobe: Dear Sir:—I beg your pardon to write you suddenly. I in-

tended to study English and Typewriting by your evening school, but sorry the circumstances had not allowed me to attend the entrance examination. I already remember your school circulation and I am still wishing to enter in any classes of your school or else to only listen the lesson without desk. If there are no vacancies for me at present, please oblige me with your kind support and answer, with compliments, dear sir. Respectfully yours, S. MASAGAKI.

(25 years old)

Last Sunday one of our students, our school janitor and his wife, who is our house servant, were received into the church. The student is one of our most promising young men and the son of our first Japanese teacher. Nearly two years after his father quit teaching us, the young man entered school, and from the beginning has seemed very much interested in Christianity. So it seems that our coming to Japan has not been entirely without good results.

Since the beginning of the new year, we have had our own Sunday school here in the school building. So far about seventy-five young men have been enrolled in Bible classes, with an average attendance of nearly forty. This, too, I believe is a new record for Palmore.

Good News for Owners of Autos

New York, June 9.—A decline of 2 cents a gallon in the price of auto naphtha or gasoline is announced by the Standard Oil Co. of New York. This puts the selling basis, to garages in bulk, at 14 cents a gallon, and to consumers at 18 cents. The decline was in sympathy with the general reduction in prices of petroleum products.

Mrs. Radie Peyton Dead

Mrs. Radie Peyton died at her home in this city Monday, midnight, of Angina Pectoris, after an illness of only forty minutes. Mrs. Peyton had been suffering from this trouble at intervals for several years. She was 51 years old at the time of her death, and leaves a husband and six children, four boys and two girls, to mourn her loss. The deceased was a consistent member of the Northern Methodist church and was greatly respected by all who knew her. The interment will be in the Earlington cemetery at 10 o'clock Wednesday morning after funeral services are held at the residence by her pastor, Rev. Ragan.

Earlington Chapter of U. D. C. Entertain Their State President

Mrs. Mary Dowling Bond, State President of the U. D. C. visited the Earlington Chapter last Friday morning, and was entertained at the home of the Misses Whalen. A large number of Daughters were present. After spending some time in enjoyable conversation, a musical program appropriate for the occasion was rendered by the following:

- 1st. "A Little Soldier Doll" Anna Marie O'Brien and Loretta Dubuison.
- 2nd. Duet. Margaret Rogers and Anna Marie O'Brien.
- 3rd. "Lay me Away With the Boys in Gray." Misses Ellen and Katie Whalen.
- 4th. "No Surrender" March. Misses Gladys Walker and Catherine Fenwick.
- 5th. Duet. Misses Sue Wade Davis and Dorothy Bramwell.
- 6th. "That's the Tune They Played in Dixie." Miss Winnie Davis Hart.
- 7th. "Sing me a Song of the South" Miss Connie Fenwick.
- 8th. Duet. Misses Catherine Fenwick and Gladys Walker.
- 9th. "By the Camp Fire." Miss Katie Whalen.
- 10th. Dixie. Misses Dorothy Bramwell and Sue Wade Davis.

At the completion of the program, Mrs. Bond addressed the ladies for some time, which was enjoyed very much by all present, and which made them feel proud that they belonged to the U. D. C. and that they have such a cultured and charming person as Mrs. Bond for their State President. Delicious refreshments of Punch, cakes and cherry cream were served, after which she left on 52 for Madisonville to visit the A. E. Reese Chapter there.

Open Letter to the People of Earlington and Surrounding Country

I take this method of notifying my customers and friends that I have purchased the entire stock of merchandise of the firm of Cansler and Maloney and will continue to do business at the same location. I have inaugurated a dissolution sale as you will see by the full page advertisement in this issue of the Bee and have put the price in every article in the store down to cost and some instances below. I earnestly ask my customers and friends to take advantage of this sale as you will perhaps never have another opportunity to purchase good merchandise so cheap. In conclusion I wish to say I will keep a first-class line of dependable merchandise at all times and desire to thank my friends for all past patronage and assure them it has been duly appreciated. I respectfully ask that they will continue to give me a liberal share of patronage assuring them fair treatment and honest dealing.

I am, Respectfully
JOHN M. CANSLER

CROP REPORT

As Of June 1st 1914

The month of May was an unusually dry one in Kentucky. The crop reports coming to this office as of June 1st, show that there was practically no rainfall in Kentucky from May 8th to June 1st. Almost every report speaks of the drouth, but the damage up to June 1st has not been serious. Since this time copious rains have fallen in many portions of the State. The best rains have occurred in the central and eastern portions of the State, and showers over limited areas have occurred in the western sections.

Wheat cutting has begun in the southern portion of the State, and the indications are that we will have a record breaking crop in Kentucky. Condition is given at 96 per cent at the beginning of the harvest, and it is now too late for weather conditions to prevent the maturing of a large yield of wheat of splendid quality. The crop has but one danger to run now, and that is, an excessive rainfall while in shock. Rye has held its own, and the condition is given at 93 per cent. This crop is practically made. Another crop that is made and ready for harvest is the Bluegrass seed crop, which will be large and of good quality. Condition of Bluegrass is given at 97 per cent.

The corn acreage is given at 96 per cent, while the condition is stated at 87 per cent. The drouth to a certain extent has affected both the planting of the corn and the condition of that planted. The damage to corn, however, is probably not very great, as the rains that have fallen since the first of June will remedy much of the trouble indicated by the reports. Oats, however, with an acreage of 89 per cent, has suffered materially in condition, the latter dropping to 74 per cent. A rain would help the oats crop some, but this can not possibly be a heavy crop this year.

Tobacco beds have suffered in a measure from the drouth. Lack of moisture has prevented the transplanting of plants at the proper time, and there are complaints of the plants getting too large for transplanting. This damage, however, cannot be considered as very serious. Condition of Burley tobacco is given at 86 per cent, and that of dark tobacco 81 per cent. Cut worms are doing considerable damage to both corn and tobacco.

Alfalfa and orchard grass are both given at 86 per cent, and have not suffered as much from the drouth as young clover and timothy, which show a condition of 78 per cent. Potatoes have suffered materially, dropping to a condition of 74 per cent. Garden conditions are given at 80 per cent. The prospects for a large fruit crop remains good, but the strawberry crop was cut to about 60 per cent of a crop as the result of the dry conditions at maturity. Indications are for a large blackberry crop, this being given at 96 per cent; grapes at 87, apples 78, peaches 84, pears 72 and plums 78 per cent.

All live stock is in good condition, comparatively speaking, with lambs beginning to show the effect of short pastures. Condition of horses is given at 95 per cent; cattle 94; hogs 91 and sheep and lambs at 90. Young turkeys have suffered from the heat, and their condition is

HERE'S A WESTERN FARM FOR YOU

A census of the farm units on the several irrigation projects of
the Government was taken recently. It showed that very satis-
factory progress is being made in securing settlers. Included in
the 25 projects are approximately 26,000 occupied farms varying
in size from 5 to 160 acres each, and 454 units of 40 to 80 acres
each still open to entry.

These farms are located as follows:

Idaho, Minidoka project 58; Montana, Huntley project 42;
Lower Yellowstone project 18; Sun River project 45; Nebraska,
North Platte project 23; South Dakota, Belle Fourche project 65;
Wyoming, Shoshone project 308.

These vacant farms offer attractive opportunities for settlers
with some capital to establish homes. The land is surrounded by
well tilled farms, the neighborhood is compact and school and so-
cial organizations are first class. The pioneering stage of these
projects is over and agriculture is on a sound and practical basis.
On all the projects the transportation facilities are good and the
farms are all within reasonable distance of towns and shipping
stations. The average man should have about \$2500 in cash and
equipment. While many settlers undoubtedly have started with
less and are succeeding, experience has shown that success is much
more easily attained by those who start with enough to quickly
prepare their lands for crops. To all inquiries addressed to the
Statistician of the Reclamation Service at Washington, D. C., the
advice is given not to attempt to subdue a desert farm without
sufficient money to provide for the needs of a family for two years
and for the preparation of the land, erection of buildings and pur-
chase of live stock. The literature of the government fully de-
scribes the farms now open to entry, cost of water right and term
of payment. Spring crop reports on all these projects are extrem-
ely encouraging and indicate the best season since water was made
available for the lands. These 454 farms are awaiting the home-
seekers who are looking for an opportunity to establish indepen-
dent homes.

Cardui

The Woman's Tonic

Mrs. Sylvia Woods, of Clifton Mills, Ky., says: "Before taking Cardui, I was, at times, so weak I could hardly walk, and the pain in my back and head nearly killed me. After taking three bottles of Cardui, the pains disappeared. Now I feel as well as I ever did. Every suffering woman should try Cardui." Get a bottle today. E-68

The Telephone and Good Roads

The telephone goes hand in hand with good roads.

The telephone overcomes many of the obstacles of bad roads and makes it possible for the farmer and other rural residents to transact business in the city and with neighbors when the roads are impassable.

Progressive farmers are insisting upon good roads and telephones. These two agencies of modern civilization are doing more than all others toward eliminating the isolation of country life. You can have a telephone in your home at very small cost. Send a postal for our free booklet giving complete information.
